

Internship Overview

The Spiritual Direction Internship is a unique two year Practicum in which participants learn and discern how they might use the gifts and skills of spiritual direction in their lives and ministries.

The Practicum, which is highly experiential, includes didactic sessions, receiving and providing spiritual direction, participation in one-on-one and group supervision, and a yearly overnight retreat. We provide a website of printed and video resources. Those who fulfill all the requirements of the program receive a Certificate of Practice in Spiritual Direction.

Internship participants come from varied cultural backgrounds and diverse faith traditions. They include therapists of all types, volunteers, youth ministers, educators, clergy, chaplains and anyone who wants to explore a call to the ministry of spiritual direction.
