THE SPIRITUAL LIFE CENTER PRESENTS
**ACTIVE ENGAGEMENT /
CONTEMPLATIVE DIALOGUE**

It's one thing to be contemplative at the beach...
It's another thing to remain contemplative while interacting with
other people.

This This workshop will teach you how to:

- **Strengthen your ability to be present to those you serve**
- **Elicit a more genuine engagement in all your interactions**
- **Learn how to bring that same level of presence into all the arenas of your world**

This workshop is intended for anyone who wants to deepen the ways they engage with other people. We will explore the three stances of Contemplative Dialogue: **Contemplative Noticing, Non-defended Learning, and Nonviolent Engagement.**

Practicing these will enhance your presence, evoke the Spirit within a group and deepen the manner in which you accompany others. Taking these three stances into the active world helps you better engage in organizations, with friends, and with family.

During the workshop you will learn particular methods, practice them in small groups, and have an opportunity to share your insights in a large group discussion. You will leave with practical ways to better embody your best values and make an immediate difference in settings you care about.

SATURDAY, SEPTEMBER 23, 8:30 A.M. TO 4 P.M.

AT THE SPIRITUAL LIFE CENTER,
303 TUNXIS RD, WEST HARTFORD CT 06107

THE COST IS \$65—LIMITED SCHOLARSHIPS ARE AVAILABLE
LIGHT CONTINENTAL BREAKFAST AND FULL LUNCH ARE INCLUDED.
